Therefore:

- (i) the so far owned share of the Notifier of over 5% of the total number of votes at the Company general meeting diminished and therefore the Notifier’s share in the total number of votes at the Company general meeting is below the 5% threshold, i.e. the Notifier transferred 4 276 748 dematerialized ordinary bearer shares of the Company to FIPP, which constitute (rounded to one-hundredth of percent) 7.38% of the Company equity, entitling to 4 276 748 votes at the Company general meeting, which is equivalent to (rounded to one-hundredth of percent) 25.91% of the total number of votes at the Company general meeting, whereas – after the Transaction – the Notifier holds 4 277 748 Company ordinary bearer shares, equivalent to (rounded to one-hundredth of percent) 7.38% of the Company equity, entitling to 4 277 748 votes at the Company general meeting, which is equivalent to (rounded to one-hundredth of percent) 7.38% of the total number of votes at

- (ii) total number of the Company shares held by the Agreement parties and share in the total number of votes at the Company general meeting held by the Agreement parties did not change, because the Transaction on the Company shares being the subject of this Notification took place between some of the Agreement parties (i.e. the Notifier and FIPP).

### **1) Date and type of event causing the change of share referred to in this notification**

Change in the Notifier's state of possession of the Company shares results from the Notifier's buy-out of all Bonds on 24<sup>th</sup> March 2020, the owner of which was solely FIPP. Each and every Bond shall was bought out by the Notifier by transfer to the entitled bond holder, i.e. FIPP, in the number equivalent to the following ratio: 1 Bond in exchange for 1 and 11/439 Company ordinary bearer shares. Due to the fact that the so calculated number of Company shares was not a whole number, FIPP was entitled to get the down-rounded number of Company shares. In the remaining part FIPP got compensation in cash. Therefore, due to buy-out of all Bonds by the Notifier, FIPP got 4 276 748 Company ordinary bearer shares equivalent to (rounded to one-hundredth of percent) 7.38% of the Company equity and entitling to 4 276 748 votes at the Company general meeting, which constitute (rounded to one-hundredth of percent) 7.38% of the total number of votes at the Company general meeting.
