Name of the Issuer: "FERRUM" S.A.

Subject: Updating the information on terms and conditions of "FERRUM" S.A. own share buy-back

Legal grounds: Article 56 par. 5 of the Act on Offerings – information update

Content of the Report:

With reference to Current Report No. 49/2011 dated 6 September 2011 and in accordance with requirements stipulated in Article 5 par. 3 of the Commission Regulation (EC) No. 2273/2003 dated 22 December 2003, which implements directive 2003/6/WE of the European Parliament and Council regarding exemptions for buy-back programmes and stabilisation of financing instruments, the Management Board of "FERRUM" S.A. (the "Issuer") hereby announces that from 13 September 2011 on it intends to take advantage of the possibility to increase the daily own share purchase limit above 25 % of the average daily volume of trading determined on the basis of the average daily volume of trading from the last 20 days preceding each purchase day. The reason of this decision is an exceptionally low liquidity level of the Issuer's securities on the Warsaw Stock Exchange (Giełda Papierów Wartościowych w Warszawie S.A.)

Moreover, the Company announces that it will not exceed 50 % of the average daily buy-back limit set on the basis of the average daily volume of trading from the last 20 days preceding each purchase day.
